Allohakasin University

Training Sessions

Once again we have continued with the university style training system for the fifth year! Allohakasin University was created by our Council of Chiefs at the 2003 Conclave in order to add a new twist to the traditional Conclave training. There are five colleges to major in; by attending two sessions from a chosen college and one session from any college, one could earn a degree. A General Studies degree could also be obtained by attending any three training sessions, no matter what college they were from. On Sunday morning, participants were presented with a diploma and patch if they met the requirements.
